Nitesh Chandrakar

Frontend Developer(React)

PROFESSIONAL SUMMARY

Driven Full Stack Web Developer with expertise in React.js, JavaScript, and HTML/CSS. Experienced in developing high-quality, reusable code and collaborating with designers and backend developers to create visually appealing user interfaces. Detail-oriented problem solver with a proactive attitude and strong communication skills. Familiar with RESTful API integration and committed to delivering exceptional user experiences.

PROJECTS

1. HealthMart | 🌐 | 📱

HTML5 | CSS3 | JavaScript

- Developed a website similar to HealthKart, offering an e-commerce platform for health supplements, body-building products, and proteins.
- Implemented user authentication, sorting and filtering, payment page, search bar, and products/admin panel.
- Utilized HTML5, CSS3, and JavaScript for frontend development.

2. EduTute | 🌐 | 📱

HTML5 | CSS3 | JAVASCRIPT | REACT | CHAKRA-UI

- Developed a website replicating the functionality of Edutute, a student dashboard platform providing information about tuition, study progress, class schedules, and exam details.
- Implemented admin and user authentication, activity dashboard, activity tracking, and backend functionality.
- Utilized HTML5, CSS3, JavaScript, React, and Chakra-UI for frontend and backend development.

3. MoneyMentor | 🌐 | 📱

HTML5 | CSS3 | JavaScript | React | Redux | Chakra-Ui

- Developed a website providing loan information and connecting users with loan providers, inspired by paisabazar loan information and loan provider website.
- Implemented user authentication, sorting, admin page, product page, and profile page.
- Assisted in creating and maintaining the admin page.
- Utilized HTML5, CSS3, JavaScript, React, Redux, and Chakra-UI for frontend development.
