## Education

### Full Stack Web Development (Full time)

Masai School  
November 2022 - January 2024

### Postgraduate Diploma in Computer Applications

Dr. C.V. Raman University  
July 2021 - June 2022

### Bachelor of Science

Atal Bihari Vajpayee  
Vishwavidyalaya  
March 2018 - April 2021

## Technical Skills

- React
- Git
- Nextjs
- Redux
- JavaScript
- Node.js
- MongoDB
- Prisma
- PostgreSQL
- Shadcn

## Soft Skills

- Teamwork
- Attention to Detail
- Time Management
- Creativity

## Achievements

Employee of the Quarter award   
*BookingJini*

## Certifications

- JavaScript   
*HackerRank*
- React   
*HackerRank*

# Nitesh Chandrakar

## Frontend Developer(React)

## Professional Summary

Skilled Front-End Developer with 1 year of hands-on experience at BookingJini, focusing primarily on React and Next.js, and some experience with React Native. I specialize in building user-friendly, responsive websites and applications, leveraging the power of modern front-end technologies. Passionate about creating seamless and engaging user experiences. My expertise in React and Next.js, combined with a growing knowledge of React Native, allows me to develop applications that perform well and contribute to business growth.

## Experience

### Bookingjini | Frontend Developer February 2024 - March 2025

- Collaborated with designers and backend developers to create user-friendly and visually appealing interfaces using React.js.
- Developed scalable and reusable frontend components, ensuring responsiveness across different devices and browsers.
- Integrated frontend components with RESTful APIs and optimized applications for speed and performance.
- Participated in continuous team efforts to improve development workflows and enhance code quality.

## Projects

### MoneyMentor [Live Demo Link](#) [Github Repo Link](#)

- JavaScript
- Redux
- React
- MongoDB
- Express.js
- Node.js
- RESTful APIs

- Developed a user interface using React.js, focusing on user-centric design.
- Ensured responsive design across devices, enhancing user accessibility.
- Implemented client-side logic for loan banks with sorting and filtering.

### ManMatters [Live Demo Link](#) [Github Repo Link](#)

- TypeScript
- OpenAI
- React
- Node.js
- Express.js
- MongoDB

- Developed a React-based e-commerce platform, ensuring user-friendly navigation.
- Worked on a chatbot feature using OpenAI for enhanced customer assistance.
- Implemented product search capabilities to optimize user experience.
- Ensured secure user authentication to protect sensitive data.
